

Using the 'Walk My Street' checklist.

Follow these steps to do a walking check of your street using the Walk My Street Checklist

Prepare

Preparing for the Walk My Street check

Think about where you want to walk, roll or stroll. Is it a route to the shops or nearby park, visiting a friend, going to a local school, a community centre, or another local destination?

Invite others to do the audit with you. Having others with you will make it more fun, safer, and make it more likely you'll notice and record all the things you see along your route. Some people notice things that others might not.

Download

Before you leave on your walk

You can complete the Walk My Street checklist using a smart phone, or download or print the form or have it ready on your phone. (See QR code to download checklist)

Rate

While you're doing your walk

Use the form to mark Yes or No and rate each feature (1-5) and note things that are present or missing on your walk, or ideas for improvement. Take notes and photos especially of things you would like to change and also the things which are good in your street.

Submit

After your walk

Save and submit your checklist via our website, with your walking notes and photos with Queensland Walks as well as your local group and local councillor or State MP.
www.queenslandwalks.org.au/walkmystreet/

Take notes and photos especially of things you would like to change and also the things which are good in your street.
