

Queensland Walks Presidents Report 2020/2021

The 2020/2021 financial year has seen Queensland Walks delivering on key projects as part of the Queensland Walking Strategy and further establishing itself as a strong voice for walking across the state.

2020/2021 has seen the organisation successfully delivering on projects as per our funding agreements, whilst continuing to weather the impacts of a pandemic.

The Management Committee (Board) expanded at the November 2020 AGM and we welcomed new members Greg Vann and Angela Wright. In August 2021, Andrea Mann resigned from the Board due to moving cities and into a new role. We thank her for the contribution she made during her time as a Board member.

Anna Campbell, in the role of EO and with the support of our Board, contractors and volunteers successfully delivered on key projects including:

- Establishing and managing the Walking Alliance
- Developing and launching the first stage of the Walk Hub
- Delivering Queensland Walks Month in September 2021
- Scoping of a future community activation project.

We would like to thank and congratulate Anna for her tireless advocacy and passion to improve walkability of our communities. We would also like to thank TMR for their continued support and gains they are making in improving walking environments for the public. We are proud to partner with them and other stakeholders to implement the Walking strategy for the benefit of Queenslanders.

I would like to thank the Board and Anna for their work and commitment over the last 12 months. Together we ensured we met our obligations and successfully delivered on key projects under our funding agreement. This is my final year as President and I'm delighted to be leaving in the organisation in the hands of a very capable Board, Executive Officer and team of contractors and volunteers.

We look forward to the year ahead and to many more volunteers, members and friends of Queensland Walks joining with us to achieve our vision.

Michelle Wade GAICD
President and Chair, Queensland Walks
